### June 2018

Despite being into June, it was not pleasant enough to hang around outside on the evening of Monday 4th. It was quite a busy evening, with twenty two of us in attendance, including a prospective new member, Marty Collins.

We had a good chat about the Enfield Pageant of Motoring, where we received a Highly Commended cup, the fifteenth time that we have won an award for our display. Saturday morning got off to a rather strange start when another tent and some Triumphs were on our pitch. After finding out where it should have been, the tent was uprooted and walked to where it belonged. For the first time our tent was put up on the Saturday, to save time on Sunday morning when we usually have the most cars to arrange. Luckily the weather was fine and it made a lot of difference. Eric helped transport everything both before and after the Pageant to save weighing our E type down too much. Alan did a good job of arranging the cars and as usual Barb did a great job with cooking the bacon. Thanks to everyone who helped out. We declined to go in the Arena on Sunday as it is difficult getting the cars back when we have a full display. A few of us went in on Monday for a three lane trundle round but it was too hot to hang around for long. As usual, it was a good weekend, helped by the weather.

Keith W took his E type to the show at Hertford and was chosen as best pre 70 car.

Eric was very enthusiastic about the show at Villa Galabrini and would recommend it for next year.

This coming weekend there is a village fete and Classic Car display on Saturday 9th at Datchworth, and the Luton Festival of Transport is on the 10th June.

There will be another Open Day at Baird Rd on 22nd July.

I still have some passes for Kimbolton on July 8th.

I have no more spare forms for Tewin on August 19th or Capel Manor on September 2nd, contact their websites if you still hope to book.

I'm sure that many of you have been contacted about GDPR and Roy explained the situation with our JDC memberships very clearly. I will always have a copy of the JDC Privacy policy with me if anyone wishes to read it but I understand that it will appear in the next issue of the Jaguar Driver.
