JANUARY 2013

Since my accident Doug has been head cook and bottle washer, shopper etc. He has now had to add reporter as well, so that i have information for this Newsletter.

I gather that the Museum Run to the Galley Hall on Boxing Day didn't attract many "proper" cars as the majority of Museum people had just gone for lunch.

On New Year's Day the gathering at Barrington was cancelled as the ground must have been very wet after all the rain. The weather on that morning was good, so Dick and Eric went up there for a ride anyway and found that there were quite a few interesting cars in the car park of the pub.

The subject of the spring Breakfast Run was mentioned at the Club, and that is a date that we need to sort out at the next meeting. I think that it had been agreed that we would make a return visit to Redcoats Hotel at Little Wymondley.

Some dates are already fixed for the coming season. Those of you who are regulars at Stockwood park for the Luton show have probably received their booking form, along with one for the show at Kensworth which Douglas has been to. The dates for these events are 9th June and 1st September respectively.

Dick has been sent the dates for the two shows in aid of the Little Haven Hospice. "It's Showtime " that several of us usually go to is on 11th August and the one which is mainly autojumble is on 22nd September. I expect that Dick will obtain passes for us in due course.

Roy has forwarded details of the St. Albans Steam and Country Show at Oaklands College which includes classic cars as well. They obviously don't have the same problems as Enfield whose steam displays have been cut down considerably by the London LEZ.

As always this is the worst time of the year for finding something to put in the Newsletter. Recently Dick wrote an article for the Whitewebbs magazine about the various vehicles he has owned I'm sure that some of you have owned enough different cars to make an article of interest.

Hope to see you all at the next meeting.
