

December 2012

THANKS!

I am pleased to say that I came home on Tuesday afternoon after the combined treatment from orthopaedic and plastic surgery teams at the Royal London Hospital. Many thanks for all the get well cards and offers of help to Doug.

I understand that the Christmas dinner went OK. Sorry that I could not provide mince pies as usual, but I don't think a hospital bed is the best place to make pastry.

Don't forget that the Whitewebbs Museum Run is to The Galley Hall on the 27th, and the gathering at the Royal Oak, Barrington is on New Year's Day.

Sorry that some people who weren't at Mince Pie night didn't get a Christmas card.

As you all made a point of saying, Doug definitely now knows where the kitchen is and he is looking after me very well, so I hope you will excuse the lack of an Area Rep's message this year.

We both wish you all a very Happy Christmas and New Year.

Wendy & Doug
